ISBN / imprint

Free KDP ISBN locks imprint to Independently published. That is correct. UnlovedProductions stays author, cover brand, and copyright holder. To print UnlovedProductions as the KDP imprint you would need a Bowker ISBN. What is an ISBN and Imprint?

KDP picker paths (US paperback)

1. Required. Books > Children’s Books > Activities, Crafts & Games > Activity Books > Coloring Books.

2. Second. Activity Books > General is fine as slot 2.

3. Leave empty. Do not take Children’s Books > Animals. This is mixed coloring, not an animal storybook. Fiction/Nonfiction on that tree is also wrong; the book type is Nonfiction.
